Short Description

SV 104 B is both a freestanding and build-in model. The wine cabinet has two temperature zones that can be adjusted between 5°C – 18°C independently of each other. With 6 1/2 shelves in beech wood, of which 5 1/2 are pull-out and 1 stationary, it can hold up to 90 bottles. A fine cabinet for wine storage.

The cabinet has a timeless design. The black frameless glass door and the interior light give the cabinet an exclusive look. Right-hinged door with option for door reversing gives you the flexibility to place the wine cabinet anywhere in the room.
2 horizontal LED light provide a good light and represent the wine bottles nicely. The cabinet has an intelligent air circulation system, that ensures perfectly ventilated, anti-vibration cooling throughout the entire cabinet.

SV 104 B has UV-glass and is electronically controlled. The digital control panel makes it easier to see and adjust the temperature in the cabinet.
